

Authored by long-time Old North End neighbor Matt Railey in 1986, *Sadie's House ... a guide to researching your old house* chronicles the fascinating history of the house built by Sadie and Harry Yost in 1899 and the process that Railey used to complete his research.

Long used as a valued guide for those hoping to obtain an ONEN historic house plaque, the book addresses the use of Assessor's Office records, city directories, title records, and local libraries to obtain pertinent historical information. Through Mr. Railey's generosity, the book is now available as a downloadable PDF from the ONEN website at no cost. It may also be purchased in a spiral bound hard copy for a cost of \$10. Contact historicpreservation@oldnorthend.org to arrange for purchase of a hard copy of this title.

TABLE OF CONTENTS
